EQUALITY STATEMENT

What is Sports Equality?

Sports Equality is about fairness in sport, equality of access, recognising inequalities and taking steps to address them.

Sports Equality is about changing the culture and structure of sport to ensure it becomes equally accessible to all members of society regardless of their race, gender, age, religion, disability, sexual orientation or economic status (REGARDS).

Sports Equality is about making sure that all people have an opportunity to realise their talent and fulfil their potential throughout the sporting pathway.

Sports Equality is about an individual's responsibility to challenge discriminatory practice and promote inclusion.

Defining Sport

The broad definition of sport, adopted by the Council of Europe, is used within this policy.

'Sport means all forms of physical activity, which through casual or organised participation, aims at improving physical fitness and mental well being, forming social relationships or obtaining results in competition at all levels'.

Council of Europe, European Sports Charter (1993)

Haringey Sports Development will deliver on this policy by building equality and diversity into all aspects of its work. All reasonable steps will be taken to ensure that employees, volunteers and partner organisations are committed to this policy.

Haringey Sports Development will ensure that no job applicant, employee, volunteer, partner, participant, carer or spectator at a Haringey Sports Development event, receives less favourable treatment on the grounds of race, gender, age, religion, disability, sexual orientation or economic status (REGARDS).
